

If you believe that:

- Democracy depends on citizen participation,
- Alaskans have a lot of good ideas that should be shared,
- Polarization is not the way our communities and state should function, and
- By respectfully exchanging ideas with one another, we can work toward solving the problems facing our community, state, and nation;

Alaska Common Ground invites you to join us in an effort to enhance our democratic way of life by engaging Alaskans in respectful conversations. We work to build a better understanding on important public policy issues through forums, group discussions, policy papers and public service announcements.

Wondering how to vote on ballot measure 1 in the general election this November? You can find the [Facebook livestream here](#). KSKA broadcast it on [Addressing Alaskans which you can find here](#). [More information here](#).

Our member survey results are in and provided helpful feedback for our upcoming strategic planning process. [You can take a look at a summary of the results here](#). Thanks to all who participated!

Let's Talk Alaska meets the second Wednesday each month to discuss Saving Democracy – What can we do? [More information about LTA here.](#)

If you are interested in receiving advance notice of our events please [subscribe to our email list](#). If you're interested in suggesting future programs please contact us or use [this form](#).
