

Annual Membership Meeting

Please join us in the Barrel Room at 49th State Brewing Company on Monday, May 6 starting at 6 pm. We'll provide yummy appetizers, and a generous donor will buy all current members a beverage. Come hear updates on Alaska Common Ground's activities and give us your feedback. Drop by anytime, the business portion will start at 6:30 pm.

In addition to updates from ACG, we will be featuring a short presentation from Robin Bronen, who works as a human rights attorney and has been researching the climate-induced relocation of Alaska Native communities. She will be speaking to us about current international work on climate change and give us an update on the UN Climate Change conference she attended in Poland in December, 2018. We're considering holding events later this year addressing climate change issues.

We're looking forward to seeing you all and having a chance to hear from you.
