

Climate Change Resources

These are resources we have collected as we host events discussing climate change and how Alaskans can take action. If you have a suggestion for something we should include, please let us know.

Local Resources

- Alaska's Changing Environment – UAF International Arctic Research Center
- Anchorage Climate Action Plan Homepage
 - Anchorage's Climate Action Plan – Municipality of Anchorage
 - Anchorage Climate Action Plan Annual Report – 2019/2020
- Energy Savers Tips for Alaska – AK Energy Authority & AK Housing Finance Corp
- Cook Inletkeeper's Climate Action Kit – a guide to community based climate action

Resources sorted by CAP Sector

- Buildings & Energy
- Land Use & Transportation
- Food Systems
- Consumption & Solid Waste

Events – upcoming or links to recordings

- Climate Action Plan Sector Series
- Climate, Care, and Community – a series hosted by The Alaska Center. This series and other events can be found [here](#).
- REAP Spring Series – March 24 (Green Bank), April 7 (Clean Energy Jobs), April 21 (Federal Energy Legislation)

Other suggested articles, websites, books, films, podcasts

- Project Drawdown – “ Drawdown” refers to the point in the future when levels of greenhouse gases in the atmosphere stop climbing and begin to steadily decline, In Drawdown, climate solutions are detailed by energy sectors, with actions that can be taken now.
- Will Grant on Four Levels of Action – excellent explanation of why it is so important to take action at the community level as well as the individual level.
- Netting Zero – A NYT series of discussions on climate
- Outrage and Optimism podcast – Christina Figueres and others discuss how to take action on climate
- How to save a planet podcast – is a podcast that asks the big questions: what do we need to do to solve the climate crisis, and how do we get it done
- How to solve climate change and make life more awesome – Podcast series discussing climate change on the Ezra Klein show.
- Renewable Energy Alaska Project Library
- Count Us In (count-us-in.org) – Individual actions aggregator
- Divestment-Go Fossil Free, a project of 350.org
- In this series of five short films, learn why natural warming loops have scientists alarmed—and why we have less time than we think
- Our Planet; Too Big to Fail -WWF- a 42 minute film that explores the risks of inaction, the impact of investing-as-usual, and the role the finance sector can play in powering a sustainable future.

Alaska Resources and Organizations

- Alaska Youth for Environmental Action
- The Alaska Center
- Alaska Climate Action Network
