

# THE HOUSING CONTINUUM: BUILDING A VIBRANT COMMUNITY

**Mondays, March 4 & 18, April 1  
6:30-8:30 pm**

## **Anchorage Museum Auditorium**

Anchorage faces a shortage of diverse housing options that are affordable for many in our community. Ensuring citizens of all income levels, abilities, and phases of life have access to safe, quality, and affordable housing is critical to achieving a vibrant, economically thriving city that residents desire to live in for the long-term.

**Please join Alaska Common Ground, our partners, and guest speakers for this 3-part series.**

### **March 4 – The Current Supply & Demand**

We'll explore the latest findings on Anchorage's housing needs—for today and the future—with a focus on workforce, senior, supportive, and low-income housing.

### **March 18 – Housing Supply: What are the Barriers?**

We'll gain an understanding of the current challenges to addressing Anchorage's priority housing needs.

### **April 1 – Opportunities & Solutions**

We'll learn what policies and efforts are already underway, or are needed, to address priority areas as well as ways community members can get involved.

Thanks to our Partners!
